## COURSE LEARNING GOALS

This continuing education course is designed to:

1. provide fundamental education on dementia and dementia care.
2. enhance the quality of life of dementia patients by educating care providers.
3. foster sensitivity and respect for the dementia patients.

4. teach appropriate techniques in maintaining therapeutic communication with patients with dementia.
5. provide sensitive approaches for assisting dementia clients in their ADLs.

## COURSE LEARNING OBJECTIVES

By the end of the course, the participants will be able to:

1. Identify common causes of aggressive, repetitive, and sundowning behaviors in older adults.
2. Describe behavioral or care interventions that may be used to prevent, reduce, or eliminate difficult care situations.
3. Describe challenges related to caregiver stress
4. Identify stress reduction techniques in the care of a dementia client.
5. Compare and contrast alternative activity interventions that are success-oriented and failure-free.
6. Identify strategies in developing a “Wandering Preparedness Team.”
7. Describe issues of sexuality of the patient with dementia.
8. Discuss end-of-life care of a patient with dementia.

## Who Should Attend?

All health care professionals and front line staff who work in the health care industry.

## About the Instructor

**Christopher de la Victoria, MSN, RN, CMSRN,  
CSRN, CDP, CADDCT**

Chris brings his experience as an educator, a neuroscience nurse, and an emergency nurse to his classes and seminars. He earned his BSN from Velez College and his MSN from Walden University. He also completed doctorate credits in the DNP and EdD programs and is currently pursuing a DNP at Aspen University. He is a member of the Emergency Nurses' Association;; American Association of Critical-Care Nurses; and Philippine Nurses' Association of New Jersey, where he serves as the Education chair of the Bergen County subchapter. In his clinical practice, he attained multiple honors and awards and achieved board-certifications in medical-surgical nursing (CMSRN) and sedation nursing (CSRN). He is also a Certified Dementia Practitioner (CDP) and a Certified Alzheimer's Disease and Dementia Care Trainer (CADDCT) through the National Council of Certified Dementia Practitioners (NCCDP).
